

#### How can we afford this?

- Cost savings allow universal coverage
- Drastic cuts in administration costs by having one plan and one payer
- Negotiated fees
- Bulk purchases
- Allocation of infrastructure based on need
- Prohibition of pharmaceutical advertising to consumers

#### How do we assure quality?

- Choice of any provider, with continuity of care; returns decision making to providers
- Care coordination
- Community prevention programs
- Office of health quality & planning, grievance system, and ombudsman
- Continuing education and training for providers

### The Minnesota Health Plan single-payer, single plan for all MN

**All MN residents are covered** - permanent coverage regardless of health status, employment, or income.

**Comprehensive coverage** - prevention and primary care, hospitalization, mental health, dental, home health care, long-term care, prescriptions, medical equipment, and more.

**Choose your own provider** - all licensed providers covered in one state-wide network. You choose who you see.

**Premium based on ability to pay** - no co-pays or deductibles.

**Run by an independent health board** - regional representatives, including consumers, accountable to the public.
